BACHELOR'S IN ECONOMICS

TOWARDS A PROMISING FUTURE...

DEAN'S MESSAGE

The Faculty of Economics is devoted to offering a modern learning experience that contributes to the advancement of our community, country and region. Our long term plan for the faculty foresees blended learning that gives more support and elasticity to the learning process. We emphasize on the significance of research and extracurricular activities in the enhancement of students' experience, academics' development, and community service. Offering a robust academic program is our first step on our way to be the most modern Business Administration program in the region, recognized for its excellence in education, research and community service.

I seize this opportunity to invite students and parents to have a closer look at our programs, resources and facilities all aimed at ensuring academic and professional excellence.

Dr. Sayed Abdul Moiz

Dean, Faculty of Economics

PROGRAM INTRODUCTION

Economics is the study of how consumers, companies, and governments together make decisions on resources allocation.

The study of economics is central to understanding and analyzing national and international policy-making, financial markets, and economic systems.

The Bachelor's in Economics program is designed for those who wish to pursue careers as analysts, economists, consultants, and managers at governmental ministries and private sector organizations. We use Experiential Learning and Student-Centered Learning which are the best approaches of teaching and learning in the world, to ensure High-quality students learning.

VISION STATEMENT

The department of BSc. Economics brings highly qualified, experience national and international, lecturers and experts to prepare our students for challenging career opportunities and provide them theories and concepts related to international and World class business practices.

MISSION STATEMENT

To equip students for dynamic business environment by focusing on market-oriented professional development, and being a research partner for public policy development.

PROGRAM DESCRIPTION

Al-Taqwa Institute of Higher Education's Department of Economics offers an integrated curriculum broadening students' knowledge and skills through core, specializations, and general courses.

The medium of instruction is English. Students generally opt for specializations during the senior years of their university studies. Please access the program's course catalog for detailed course descriptions.
